Braver Angels Debate: Mandate the COVID-19 Vaccine?

April 1st | 7pm ET

GWU students, friends and community members are invited to join a respectful conversation that touches all sides of a challenging question: should the COVID-19 vaccine should be mandated? Braver Angels debates encourage us to think deeply and express our own opinions. . . while gaining greater insight into other points of view.

This debate was conceived and planned with the Civic House Scholars Program at the George Washington University. It is brought to you with the support of a partnership of Braver Angels, BridgeUSA, and the American Council of Trustees and Alumni (ACTA), non-profit organizations that believe in the power of free expression and respectful exchange of ideas on America’s college campuses.

Shapiro Public Service Award

Eligible public service may include work for any private non-profit organization or any institution or agency of federal, state, or local government. The public service must be performed in the United States.

The recipients must undertake this work without compensation for at least 300 hours in total between May and September. The public service may be in Washington, D.C.. or the student's hometown. First-year students, sophomores, and juniors are eligible.

Deadline: April 16, 2021
